

## FS-102B Nut Crimping Machine

### Advantages:

- (1) We improve the capacity of plunger pump and power of motor, the machine can work more efficiency.
- (2) We make a new design on adjusted hand wheel; the machine is easier to be operated.
- (3) We add the toughened glass shield and emergency stop button on machine, the machine is safer to run.

### Special Features:

1. Crimping in high speed and high precision.
2. Designed with anti-taper, which can crimp **various kinds of non-standard elbow fitting**.
3. New oil route to support continuous and large-scale production.
4. New type of hand wheel regulator which meets crimping ferrule.

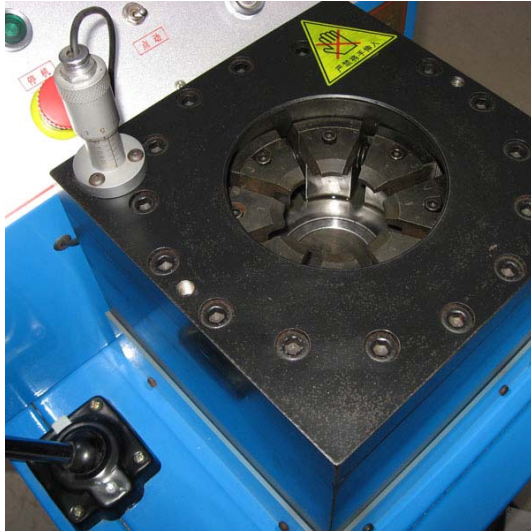

### Technical data:

Types	FS-102B Nut Crimping Machine
Crimp range	1/8" ~2"
Stand voltage motor	380V/3KW
Opening without dies	-
Opening	-
Swaging force	700KN
Open time	3S
Close time	1S
Die profile	102 series
Optional voltage motor	220V/2.2KW
Systematic pressure	16Mpa
Weight	260kg
Noise level	65dB
