

FS-91D Hydraulic Hose Crimping Machine

Products advantage of [FS-91D Hose Crimping Machine](#):

1. Facing the problem that it's inconvenient to add the lubricating oil on the annular machine, our technicians add the self-filling oil cup, in which can fill oil automatically.
2. Variable pump Its no-load speed is high and can automatically slow down when loaded.
3. NEW foam inserts introduced to protect your machine from debris dropping into the bottom of the head. With there you will minimize the risk of debris getting into the cylinder which could cause damage to seals and other moving parts of the head. This will significantly extend the life of hydraulic hose crimping machine.
4. Double angular surface-swaging force up to 5300KN and more.
5. The axle direction design of the dovetail die satisfies the crimper of double elbow.
6. Easy operate with foot switch!

Special advantage and FS-91D

Low center if gravity, ease for operation.

Extra-large opening, Extra-huge crimping force.

Hydraulic shift crimping, quickly and conveniently.

Types	FS-91D
Crimp range	1/8" ~4" 6SP 4MM-102MM,6SP
Stand voltage motor	380V/5.5KW
Opening without dies	220MM
Opening	30MM
Swaging force	14900KN
Open time	2S/2.5S
Close time	10S/12S
Die profile	91 series
Optional voltage motor	220V/2.2KW
Systematic pressure	31.5Mpa
Weight	880kg/1300KG
Noise level	70dB
