

## FS92S Hydraulic Hose Assembly Machine

### Advantages:

1. When the machine crimp the hose and fitting to the size as you wish, the indicator light will be

2. The crimp adjustment gage  for crimping in precise crimping and right size.

3. By adopting mutli-layers in term of die make the crimp in precise.

4. Small volume, low weight and easy to be moved.
5. Suitable for outdoor, non-electricity manipulation.

### Technical data:

Type	Swaging force	Pump	Systematic pressure	Opening
FS-92S	1370 KN	Manual pump	30Mpa	±28mm

Opening without dies	Oil box	Crimper range	Volume(mm)
Φ108mm	4.5L	Φ6~Φ32VI	550×600×404

### SEPICAL FEATURES:

1. Suitable for dismantling and mantling integral die. In other words, dies can be changed integrally or as a whole
2. By adopting mutli-layers in term of die make the crimp in precise.

With 12sets die

DIE BORE	HOSE I.D.
12	φ4 I - II
15	φ6 I - II
18	φ8 I - II
21	φ10 I - II
24	φ13 I - II
27	φ16 I - II
30	φ19 I - II
33	φ19 III-IV
36	φ25 I - II
39	φ25 III-IV
45	φ32 I - II
48	φ32 III-IV

3. High efficiency manual pump with large displacement and appearance fine.
4. When the machine crimp the hose and fitting to the size as you wish, the indicator light will be on.
5. The crimp adjustment gage for crimping in precise crimping and right size.
6. Small volume, low weight (70KG) and easy to be moved.
